Jenny

lights, camera — action!

Montreal was one lucky city this weekend to be blessed with the presence of 2016's MV Queen - Miss Jenny Blighe! She arrived on set looking like your typical Southern girl with an adorable, simple style and a fun-loving attitude. She remained very sweet and calm throughout hair and makeup and it wasn't until the camera started rolling that she transformed into the JB we all know and love with her fiery passion and a deep sexual appetite! She is quite easily the best of both worlds!

Blighe

You have this quintessential American quality about you. I imagine that if we were to travel back in time, you would be the most popular lady in your town with all the strongest cowboys kneeling at your feet! They would be traveling miles just to drool at the sight of Miss Jenny Blighe – the naughtiest Southern belle! How do you imagine you'd keep the gentlemen callers coming? —— JB: Since we're clearly advanced enough to time travel, I would just drink the potion I invented that keeps me young and beautiful forever. ;)

You get your hands on the hottest cowboy in town, what do you do with him? Would you take a gentle approach and let him handle you like he does his horses or do you make him understand that in your town – you make the rules? —— JB: I would ride him, obviously! He needs a riding break from all of that traveling, after-all. ;) I'd definitely have to show him how it's done!

Small-town girls have an aura of innocence that is truly irresistible, if everyone's lives were exposed, would you consider yourself the naughtiest girl in your very small town in Arkansas? —— JB: Yes and no. No, I wouldn't be because even though my naughty side is made public…most of theirs are just hidden. SO many girls here throw their cats all over town, yet I'm the 'sinner.' I find this hilarious. And yes, I'm naughtier because I'm pretty sure many of their significant others view my content. That's gotta say something, right? lol

How would you describe to all of your international fans what it really means to you to be an all-American Southern girl? —— JB: The same way I would describe it to anyone! An all-American Southern girl is hospitable, she's smart, fun, sexy, cheerful, happy, outgoing, enjoys cooking, being outdoors & with her family… this list could go on forever! In a nutshell, it's being the best person you can possibly be and letting yourself shine bright. An all-American Southern girl is basically what every man needs in his life!

The real question everyone is dying to know is: who is Jenny? When you close your eyes at night and feel the troubles of the day melt away - where do you go and what do you see? ——
JB: So, basically, who am I in real life? I'm no different in person than I am on cam other than the fact that I'm not dancing around, smiling, acting goofy NONSTOP :)

I'm a much more relaxed, chill version of the Jenny that is seen on cam. Although, that side of me is seen there also at times! haha! I'm usually very busy on a day-to-day basis due to the fact that I am a full-time mom and have constant orders to complete, and still usually cam at night, so by the time I close my eyes to sleep… I pass out! That's my time to finally rest up and get ready for another day/night on the job, so I'm usually asleep within seconds after I lay down! :)

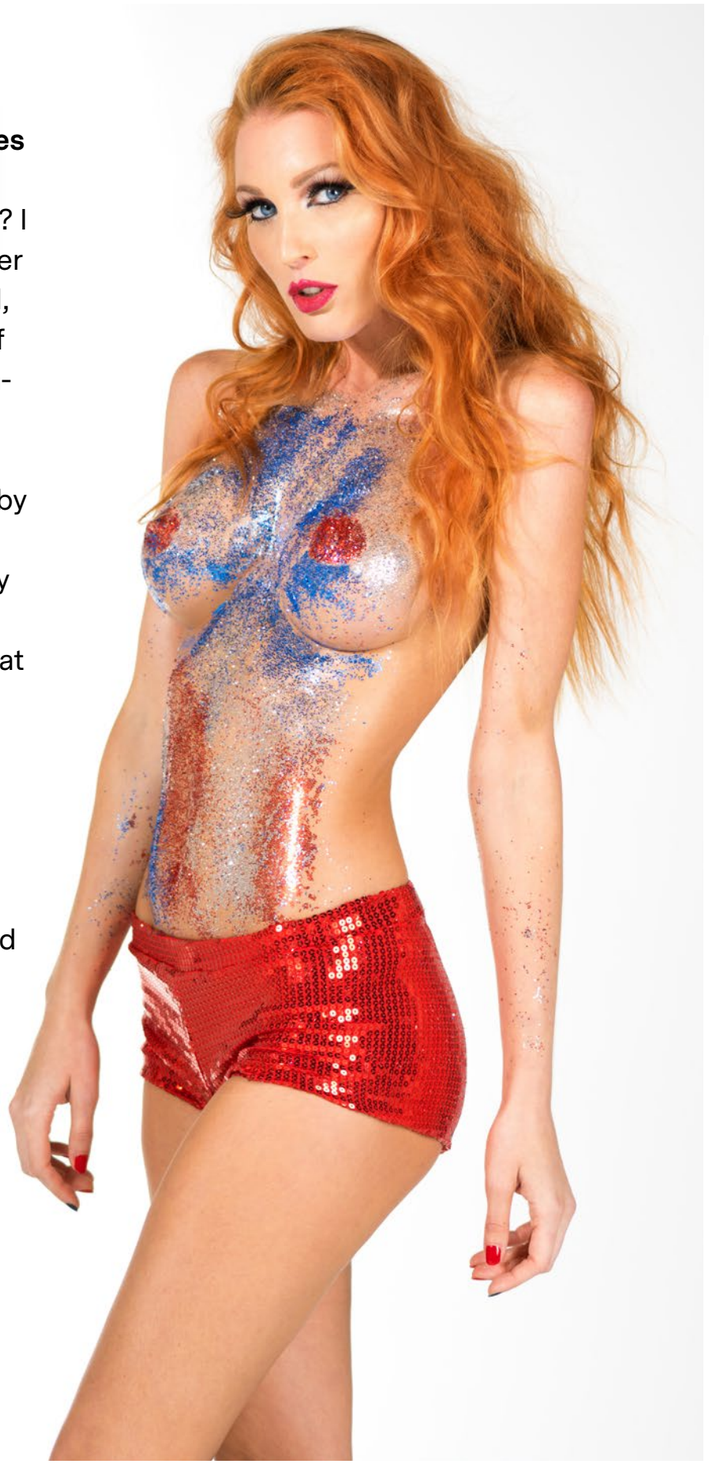
You often create tons of vids catering to the needs and wants of your fans, but what are the sexual desires of Jenny? What are your turn-ons, fetishes and fantasies? —— JB: I really enjoy sensual massages. :) Who doesn't, right? I would absolutely love to throw a tarp over the mattress, cover ourselves in baby oil, and have a messy fuck session on top of it! That sounds so fun and hot!! My turn-ons are pretty simple. I'm attracted to humorous guys! If you can make me laugh, then I'll melt! I am also turned on by confident men who aren't too clingy. No one likes a stage 4 clinger. ;) I don't really have any fetishes of my own but I have enjoyed trying out so many new ones that I never would've even known about had it not been for this job.

In an alternate universe, if you were not Jenny Blighe the adult superstar – what would you be doing and why? —— JB: I would assume I would've stayed in school to complete my degree in teaching. That's what I was doing during the time I signed up for MyFreeCams. I realized later that being a teacher isn't even something I can do once in the adult industry. I made the decision that day to strive to make this career work & gave up the teaching degree. That's definitely what I would be doing though, for sure.



Aside from all of your sexual talents, what are some of your more secret/hidden talents? —— JB: I can burp really loud and for a long time. hahaha I don't choose to do this for many people, but I've been really good at it since I was like 4 years old. *hides under a blanket* hahaha

Where would you like to see your career go from here, what can we expect to see from you in the future? —— JB: I plan to do more photo shoots to give my fans more variety of picture sets. It wasn't a priority of mine in the beginning but I'm definitely interested in gaining more of those in the future! More magazine coverage would be nice, too! I would definitely love to be featured in some new magazines since that is something I finally broke into last year. Maybe more threesome vids, too!
